I am sure that you, like me, are elbow-deep in preparations for the Butler County Fair! I am very much looking forward to working with all of our 4-Hers and our dedicated volunteers to put together a fun and enjoyable event!

Preparing projects for judging can be nerve-wracking, and we all want to receive a purple ribbon. The feeling of working hard toward a goal and accomplishing it is very satisfying! But it can be disappointing when our results don't match our expectations. It's important to remember that a ribbon or judges' comments aren't a final determination of our success in a project.

The 4-H motto is "To Make The Best Better." While ribbons and placings go into final reports, the most useful part of judging is the feedback provided. We may or may not agree with a judge's placing or assessment, but it's important to listen to both positive and constructive feedback as both of these are ways to improve. I don't remember the ribbon I received on the poppyseed bread I baked as a 4-Her, but I do remember the judge advising me to only grease the bottom of the pan. That advice stuck and I've had no more "French fried" sides!

Finally, as you exhibit in or visit the Fair, remember to thank superintendents and volunteers. Many, many hours of preparation, planning and work go into making all parts of the Fair happen. Words of appreciation go a long way, especially when one is hot and tired!

- Judging Contest

The Kansas 4-H State Wheat Expo is sponsored by the Kansas State University Agricultural Experiment Station and Cooperative Extension Service. K-State Research and Extension is an equal opportunity provider and employer.

The Kansas 4-H State Wheat Expo is a wheat fun day showcasing all things wheat. Lunch and refreshments are sponsored, and tours will be available. Everyone will participate in the same tour with the group splitting into two equal groups, with each group then flipping to the other tour after about one hour.

1. Stafford County Flour Mill, 108 S. Church St., Hudson, KS 67545; 620-458-4121. See where they make the famous Hudson Cream flour and mixes marketed all over the USA; <https://www.hudsoncream.com/>.

2. Osborne Fruits & Vegetable, 309 East 4<sup>th</sup> Ave., St. John, KS 67576, 620-5467-3932; with Mike Osborne and Jill Stimatze. Osborne Fruit & Vegetable is a small town, family-owned business that has a wide range of fruits and vegetables to offer from our beautiful, big garden. "From our field to your table!"

Spare Farms, 171 SE 20<sup>th</sup> Ave., St. John, KS 67576, 620-549-3330 is a family-owned business that grows high quality vegetables that are sold at farmers markets in local cities.

There will be eight contests open to youth members with cash prizes and ribbons awarded. Classes include:

(1) 1 lb. bin run for crops members; or (2) 1 lb. bin run for "adopt a producer"; (All wheat samples must be postmarked to KSU by July 15 so testing can be completed). Youth may bring multiple exhibits in Divisions 3-9. A maximum of two placings per individual in each division, 1-8 will be awarded. (3) 1 quart jar sample of cleaned wheat; (4) three standard yeast rolls; (5) three standard sized cookies; (6) three standard muffins; (7) wheat photography contest; (8) wheat educational posters and (9) Cloverbuds, (5-6-year-olds) with participation ribbons.

Cost will be \$6.00 per person and registration will be open online through visiting the Kansas 4-H website. Registration will go live June 15<sup>th</sup>. Pre-registration will be required by Monday, July 25<sup>th</sup>, 11:59 p.m.

If any 4-Her's would like to attend the Wheat Expo, Charlene will have 7 seats available to transport youth to and from the event.

# Butler County Fair Project Auction Rules

**Sunday, July 17, 4:00 to 8:00 PM**

Committee/Superintendents: Connie Chilcott, Jennifer Ikner, Kyra Gresham, Lori McCune

This will be a Silent Project Auction beginning at 4:00 p.m. and ending at 8:00 p.m. on Sunday at the fair in the South Room of the Community Building.

4-H/FFA Members only – no Open Class participation.

A 4-H/FFA Member is limited to one auction item to sell during the 2022 Fair. This includes the Livestock and Rabbit Auctions but not the 4-H Food Auction. For example, if a member sells an animal in the Livestock Auction or a Meat Pen in the Rabbit Auction, they cannot sell an item in the Project Auction.

Items that can be sold in the Project Auction include an item from Arts & Crafts, Photography, Foods, Horticulture, Floriculture or any other project in those divisions entered in the building. Items must have been entered, judged and displayed at the fair following the rules of that division. Please note the following for items from the Foods or Photography Divisions:

**Foods** - If a 4-H /FFA member chooses to sell a food item in the Project Auction, they must make a fresh item using the same recipe that they exhibited in the Foods Division. The specific item the 4-Her exhibited can be kept or sold in the 4-H Food Auction to help support the 4-H Council activities. If the exhibitor is selling cookies, muffins or any food product that exhibited a plate of 3 at the fair, they must bring at least 1 dozen of the item to sell in the auction.

**Photography** - If a 4-H/FFA member chooses to sell a photo from the Photography Division, they must bring a 2nd photo (same picture) to be sold. It is suggested that the photo in the Project Auction be placed in a suitable frame. Items sold in the Project Auction are not eligible for State Fair entry, with the exceptions of item in Foods/Food Preservation, Photography and Horticulture/Floriculture. See the Kansas State Policy – rule 13. There will be no base bids or guarantees that an item will sell.

4-H/FFA members must enter their project in the Project Auction by filling out and turning in the Intent to Sell card by Noon on Sunday, July 17<sup>th</sup>. The Intent to Sell cards will be available at the Open Class Information Table in the South Room of the Building. Project Auction Superintendents will take the Intent to Sell cards and place the items (with the exception of foods) in a location where they can be on displayed along with a card saying the item will be for sale in the Project Auction. Those exhibitors selling a photo should bring a duplicate photo in a frame when turning in the Intent to Sell Cards.

4-H/FFA members are responsible for bringing their food items to the Project Auction by 2:00 PM on Sunday.

Project Auction Superintendents will be responsible for accepting projects using the Intent Cards following judging of each division. They will put bidding sheets out at the start of auction bidding and collecting them at the conclusion of the project auction (8:00 p.m.)

The bid at the ending of the time (8:00 p.m.) of the auction will be final.

Item must be paid for and picked up by 8:30 p.m. Sunday.

4-H/FFA Members will receive the Silent Auction amount after the fair. Buyers signature cards will be included so the member can thank their buyer. These will be due back to the Extension Office by same date as livestock buyer cards are due back.

**Sale of 4-H/FFA Exhibits/Projects (Including Animals)** Any 4-H/FFA exhibit sold at public auction or by private contract is not eligible to be exhibited at the Kansas State Fair or Kansas Junior Livestock Show. Public auction includes: premium sale, ribbon auction, or similar event. If the project is sold, regardless of ownership changes, on the date of the transaction the 4-H/FFA youth has given up the right to exhibit that specific animal or product in the future. In the case of livestock, market animals sold are ineligible to be shown as breeding animals in the future. Non-livestock exhibits (perishable foods, photographs, etc.) may be reproduced for the Kansas State Fair. It is the responsibility of the local extension unit to report tag number of animals sold in a premium sale to the Department of Animal Sciences and Industry, Kansas State University.

# Kansas State 4-H News

## OH, the places you'll go

*Kansas 4-H members host youth from Ohio as part of interstate exchange program*

*By Annika Wiebers, K-State Research and Extension news service*

MANHATTAN, Kan. – A group of 4-H members from Kansas and Ohio recently got together through an interstate exchange program to discover similarities and differences between programs in their two states.

Ten 4-H members aged 11 to 18 travelled from Van Wert, Ohio and were paired with [Kansas 4-H](#) members from Riley, Pottawattamie and Clay counties. The youth were strategically matched so they would be staying with someone of a similar age and interests. “It’s a great experience for the kids to make connections with other youth and learn about a different state,” said Cherie Trieb, the Kansas 4-H exchange program coordinator.

During their week-long stay, the members traveled to the State Capitol building in Topeka, Fort Riley military base, and the Strataca salt mines in Hutchinson, among other stops. When the group didn’t have plans, Kansas host families were free to take their exchange delegate to see other sights in the area. “It was fun visiting the waterfalls and seeing those,” said Katie Gamble, one of the Ohio delegates, referring to the Geary Lake waterfalls.

Gamble also noticed differences between agricultural operations in Kansas and Ohio. “There were a lot of cattle farms and grass (in Kansas) whereas we have more farmland,” she said.

Beyond sightseeing and visiting parts of the Kansas agricultural industry, Trieb said another purpose of the exchange is to share ideas between the two states’ 4-H programs. “One unique thing that 4-Hers in Kansas are doing is they have groups that kids from different counties can join, so that there are more people to (interact) with,” Gamble said.

Chayla Maichel, who was Gamble’s Kansas host, had similar insights about the two exchange programs. “The Ohio group was a (local) 4-H club, unlike ours that pulls members from different clubs in three counties,” she said, “When they host (exchange trips in Ohio), they always get together in the evening whether or not they did an activity during the day. They believe that helps the visiting 4-Hers adjust and allows all of them to interact and form friendships.” Learning aside, Maichel noted that the real treasure at the end of the trip is the connections youth have made with each other. “Hosting someone in your home that you have never met before and forming a friendship is such a valuable experience.” Maichel said.

To complete the exchange, the Kansas 4-H members are planning to travel to Ohio in the summer of 2023. The goal is for most of the youth to be paired with the same delegates they hosted this summer.

## A 4-H Project: More than a Fair Entry

4-H project-based learning provides a place for youth to explore their interests and passions — or what we like to call their sparks! Youth learn from caring adult volunteers, or in some cases through self-guided study, in projects in areas such as science, health, agriculture, and citizenship. Screened adult volunteers provide a safe and positive environment where youth learn by doing. Young people thrive through 4-H participation, finding their way to success in life and career.

Careful consideration should be used when selecting a 4-H project to enroll in for the year. A 4-H project has five components: Learning Experiences, Leadership, Citizenship, Exhibition, and Record Keeping. An explanation of each component can be found below. These five components can all be found along the Kansas 4-H Learning Pathway (4H1131).
