What Is Shooting Sports?

4-H Shooting Sports teaches shooting skills, safety and ethics for youth. Any Butler County or surrounding area youth age 8-18 years may participate. While the program is sponsored by 4-H, all youth may participate. Young people in the program develop the life skills taught by 4-H, including self-confidence, coordination, personal discipline, responsibility and sportsmanship.

Shooting Sports is fun! Immediate results are seen by breaking clay targets, knocking over metal targets, shooting bulls-eyes and observing wildlife.

Shooting Sports is a family program. Parents are involved as firing line assistants and assistant instructors. An adult is expected to attend each meeting with the student. Shooting Sports in Butler County is now a continuing program in which a youngster can begin participation at age 8 in Rifle, and continue through Shotgun, Archery, and Hunter Education.
