The following state policy applies to those who wish to enroll/participate in one county.

D7.1 Enrollment outside Unit of Residence (dated October 1, 2013)

Youth who wish to join 4-H outside the extension unit in which they reside must provide a rationale for the request and must receive permission from the board of the unit where they wish to enroll. The board's decision is final and not subject to area or state appeal. An annual enrollment card and a complete, current Kansas 4-H participation form must be on file in the unit where the member is enrolled.

The following state policy applies to those who wish to enroll/participate in more than one extension unit.

D7.4 Project Instruction in another Unit (dated October 1, 2013)

Youth who would like to participate in project instruction in another unit must receive permission from both boards.

If a youth wishes to participate in 4-H project instruction in an extension unit other than the enrollment unit, the individual must provide a rationale for the request and receive permission from both extension boards. The decision of the respective boards is final and not subject to area or state appeal. If approved, the annual enrollment card will stay in the unit of residence, but a complete, current Kansas 4-H participation form must be on file in each unit.
