

K-State Winter Crops Schools Announced

2020 Corn Schools

Kansas Corn and K-State Research and Extension are partnering together to host Corn Management Schools in January and February. The school will feature a Growers Panel and updates on practical application of research specific to the area. Sessions will include production information, weed management and policy updates as well as time lunch and networking.

These schools are free of cost to Farmers and Industry partners. Class will run from 9:00 a.m. – 2:00 p.m. Sessions will be held on the following days and at the location listed:

- January 6 - Montezuma (optional Corn-Fed Beef Seminar to follow), Hy-Plains Feedyard
- January 8 – Parsons, Southeast Area Extension Office
- January 10 – Wichita, Sedgwick Co. Extension Office
- February 3 - Oakley, Buffalo Bill Cultural Center
- February 5 - Salina, Hilton Garden Inn
- February 7 - Olathe, John Deere Ag Marketing Center

To Register for the corn management school, visit: <https://kscorn.com/schools/>

2020 Sorghum Schools

A series of three K-State Sorghum Production Schools will be offered in late January to provide in-depth training targeted for sorghum producers and key-stakeholders. The schools are sponsored by Kansas Grain Sorghum Commission. Each school will cover a number of issues facing sorghum growers: risk management, marketing opportunities, weed control, crop production practices, nutrient and soil fertility, and insect management. Topics will vary depending on the location.

The final dates and specific locations have been set focusing with Schools across the state. Online registration is available at: <http://bit.ly/KSUSorghum>

- January 29 - Scott City, KS, 2:30 pm to 7:00 pm
- January 30 - Great Bend, KS, 8:30 am to 1:00 pm
- January 30 - Hutchinson, KS, 2:30 pm to 7:00 pm
