

Calla Edwards to Serve as Butler County Extension Agent

MANHATTAN, Kan. – Calla Edwards will begin serving as the Butler County Horticulture Extension Agent, effective September 19, 2021. Butler County’s office is in El Dorado, Kansas.

She earned her bachelor’s degrees in Agricultural Education and Horticulture from University of Nebraska – Lincoln. Edwards is expected to complete her master’s degree in Natural Resources from North Dakota State University in December of 2021.

Edwards has most recently been employed as an Agriculture Extension Agent for North Dakota State University Extension in McLean County, ND.

Horticulture agents develop and deliver educational programs related to horticulture. Programming may include, but is not limited to: horticulture crop production, marketing and economics, conservation of natural resources, horticulture waste management, and landscape maintenance and improvement.

Local extension faculty are jointly employed in a partnership between K-State Research and Extension, headquartered on the Kansas State University campus in Manhattan, and the local Extension board.

The role of K-State Research and Extension is to encourage the adoption of research-based information to improve the quality of life for Kansans. K-State Research and Extension is the short name for the Kansas State University Agricultural Experiment Station and Cooperative Extension Service.

More information about K-State Research and Extension Butler County is available by calling 316-321-9660, or online at butler.k-state.edu.
